

OUR HOME STAGING PROCESS

Give Staged a call, email or text to book an onsite, complimentary consultation.

WALK THROUGH AND PROPOSAL

Staged will visit your vendors property and discuss it's potential, the buyers you wish to target and the level of service you require ie vacant staging, partial or intergrated.

Staged will put together a details report outlining their syling recommendations for maximum market value and a quote for the service you require. This is done free of charge.

Should you accept Staged proposal, we will discuss the date photographs are booked for and staged the day prior.

INSTALLATION

An invoice will be sent through once booking is confirmed, this is due 48 Hours Prior to staging. We will confirm arrival time and access 3 days before installation.

On the day Staged will bring all the elements together and most stages only take between 1-4 hours.

RENTAL PERIOD AND REMOVAL

Staged provides a standard rental period of four weeks plus four weeks free should you need it. Their furnishings will be insured for the full stage and removal period (please see our T&C's for further details).

If you need the staging for longer, the rental period can be extended at an additional weekly cost of 10% + GST. You will be contacted 7 days prior to date of removal to see how things are looking.

At the end of the contract period or after a successful sale of the home, Staged will remove all rental items and leave your home as they found it.
